

## INTEGRATED MANAGEMENT SYSTEM POLICY

PrymeNet is committed to providing products and services focused on the complete satisfaction of its customers and interested parties. It promotes among its collaborators the compliance with applicable laws, regulations, and standards, as well as adherence to the Integrated Management System, aimed at addressing global requirements for quality, technologies, and information security, reflected in the strategic, operational, and support processes, which are constantly evaluated under a culture of continuous improvement."

The **POLPRYDG-01A-VV "Integrated Management System Policy"** is oriented toward the following areas:

- **Quality Management:** Deliver solutions and services that meet customer expectations with a process-based approach.
- **IT Service Management:** Provide the necessary training and resources for the development of technology-related services aligned with the needs of our clients.
- **Information Security Management:** Identify and protect information assets, preventing the destruction, disclosure, modification, and unauthorized use of all information related to our interested parties.
